**CDR Karen Hearod**

Regional Administrator

Substance Abuse and Mental Health Services Administration

Commander Hearod (U.S. Public Health Service) serves as the Substance Abuse and Mental Health Services Administration (SAMHSA) Regional Administrator for Region 6, which includes Arkansas, Louisiana, New Mexico, Oklahoma & Texas. SAMHSA is the agency within the U.S.

Department of Health and Human Services that leads public health efforts to advance the behavioral health of the nation. Its mission is to reduce the impact of substance abuse and mental illness on America's communities, and its core values are that behavioral health is essential to overall health, prevention works, treatment is effective, and people recover. More than 2 million people in the U.S. have substance use disorders related to opioid pain relievers. One terrible consequence of this trend is that overdose deaths have more than quadrupled in the past decade and a half. In her role as Regional Administrator, CDR Hearod provides leadership in SAMHSA's efforts to inform, alert, and educate the public, patients and their family members, and health care practitioners of the dangers of prescription drug misuse.
